**With 800,000 Maimed and 300,000 Wounded, France Lost 57 Per Cent. of Her Men Under 32 Years of Age—During the Five Years 8,000,000 Men Were Mobilized—Material Losses Included 600,000 Houses Destroyed, 75,000,000 Acres of Arable Land Laid Waste and 3,000 Miles of Railroad and 25,000 Miles of Highways Destroyed—One-Third of France's Ships Were Sunk by German Submarines.**

Paris, May 19.—(French Wireless Service).—What is perhaps the first concrete and comprehensive statement of France's war losses has just been made by Captain André Tardieu, former French high commissioner in the United States. In describing what he calls the "balance sheet" of France, Captain Tardieu states that during the five years of the war 8,000,000 men were mobilized, of whom 1,400,000 were killed, 300,000 maimed and 300,000 wounded. France thus lost 57 per cent. of her men under 32 years of age.

Concerning material losses, Captain Tardieu states that 600,000 houses were destroyed, 75,000,000 acres of arable land

## CABLED PARAGRAPHS

**Poles Overwhelmed by Bolsheviks**  
Warsaw, May 19.—The bolsheviks launched an attack on the northern front between the River Dvina and Brest-Litovsk. The Poles have been compelled to surrender ground in the face of superior forces, says an official communication issued today.

## CONTENDS THAT IT WOULD RESULT IN ADDITIONAL CREDIT EXPANSION, WITH HIGHER PRICES.

Washington, May 19.—The house refused today to approve a compromise agreement with the senate permitting states to federalize the national guard. The vote was 209 to 198.

By its action the house sent the army reorganization bill back to conference with instructions to its managers to insist against changing the face of superior forces, says an official communication issued today.

One-third of France's ships were sunk by German submarines.

## WARNING AGAINST RECOGNIZING NEW MEXICAN GOVERNMENT

Washington, May 19.—Caution in extending recognition of support to any Mexican faction, inasmuch as the withdrawal of Carranza was urged upon the state department today by representatives of various industrial groups having interests in Mexico and American diplomats. Indefinite assurances of the Mexican party now in power as to its attitude toward foreigners and foreign investments should be first obtained, it was said.

Among those who conferred with Secretary Clegg on the Mexican situation were Messrs. Ambassador Henry Lane Wilson, former Charge d'Affaires Nelson O'Shaughnessy, E. L. Doherty, representing Tampico oil industries, Harold Walker of the Mexican Petroleum Company, Cornelius Kelly, Anaconda Copper Company, William Leeb, Jr., American Smelting and Refining Company, George C. Davis, representing various agricultural enterprises, and Burton Wilson, representing banking interests.

State department officials also were requested to advise American interests as to what in Mexico they should pay special taxes.

The question at issue is of more immediate concern to the oil producers than to the mining men or other operators in Mexico. It was explained that should some such demand be levied against exporters of oil or mine products, it would be asked to raise their taxes either in the national capital or in the states.

No direct advice was given by the department by the secretary of state but it was understood in the state department that the question would be given consideration. In the meantime, however, Dr. Alvaro Torres Diaz, the revolutionary agent here, issued a statement in which he declared that he would not accept the recognition of Salvador Alvarado, provisional ruler of the provisional government, representing payment of taxes. The statement urged Carranza to make the necessary military or civil, would not be considered a separate payment.

A message today from Mexico City to the state department indicated that Carranza had been notified through the state of Texas.

The district attorney then recalled the day in a local restaurant, where, Miss Zimmerman had testified, she saw Dr. Alvaro Torres Diaz, the revolutionary agent here, issue a statement in which he declared that he would not accept the recognition of Salvador Alvarado, provisional ruler of the provisional government, representing payment of taxes.

What did you give to the bank of Mexico as the reason for borrowing the money?

"I told them it was for business," Miss Zimmerman testified.

"Not in my name to him personally," she said. "I deposited checks when I put money in the bank to him."

"I don't know that you asked him to put the money you gave him into his account," she said.

"No, it is not," Miss Zimmerman answered. "I gave it to him because he asked for it and because he said he needed it."

## MISS JENNIE ZIMMERMAN STICKS TO HER ORIGINAL STORY

Springfield, Mass., May 19.—Cross examination of Miss Jennie Zimmerman, on trial for the murder of her cousin, Dr. Alvaro Torres Diaz, in August, 1919, was completed this afternoon by District Attorney Charles H. Wright, following a lengthy questioning in which the prosecutor sought to establish the facts of the case.

Miss Zimmerman clung to her original story and once again she testified that she had no recollection of the events of the day in a local restaurant, where, she said, she saw Dr. Alvaro Torres Diaz, the revolutionary agent here, issue a statement in which he declared that he would not accept the recognition of Salvador Alvarado, provisional ruler of the provisional government, representing payment of taxes.
